PART A

**STATEMENT TO SHAREHOLDERS IN
RELATION TO THE PROPOSED SHARE
BUY-BACK**

1. DETAILS OF THE PROPOSED SHARE BUY-BACK

The Board had, during the 28th AGM held on 28 May 2025, obtained shareholders' approval to purchase and/or hold up to ten per cent (10%) of the total number of issued shares of the Company. In accordance with the Listing Requirements governing the purchase of own shares by a listed corporation, the aforesaid approval will continue to be in force until the conclusion of the forthcoming 29th AGM of the Company, which will be held on 10 June 2026.

The Board proposes to seek renewal of the authority to purchase and/or hold up to ten per cent (10%) of the total number of issued shares of the Company through its appointed stockbrokers, subject to compliance with the provisions of the Act, Listing Requirements and/or any other relevant authorities.

The authorised period for the Proposed Share Buy-Back, if approved at the forthcoming AGM, shall be effective immediately upon the passing of the ordinary resolution pertaining to the Proposed Share Buy-Back and shall continue to be in force until:

- (i) the conclusion of the next AGM of the Company at which time it will lapse unless by ordinary resolution passed at a general meeting, the authority is renewed, either unconditionally or subject to conditions;
 - (ii) the expiration of the period within which the next AGM after that date is required by law to be held; or
 - (iii) revoked or varied by ordinary resolution passed by the shareholders in a general meeting,
- whichever occurs first.

2. QUANTUM AND FUNDING

The shareholders' approval for the Proposed Share Buy-Back does not impose an obligation on the Company to purchase its own ordinary shares but will allow the Board to exercise the power of the Company to purchase its own ordinary shares at any time within the abovementioned time period.

For illustration purpose, the maximum number of APM Shares that may be bought back under the Proposed Share Buy-Back based on the total number of issued shares and the treasury shares held as at LPD are as follows:

	<u>No. of shares</u>
Total number of issued shares	201,600,000
Proposed Share Buy-Back	20,160,000
Purchased and held as treasury shares as at LPD	<u>(6,105,700)</u>
Maximum number of APM Shares that may be further purchased	14,054,300

The Board proposes to allocate a sum of not exceeding the retained profits of the Company for the purchase of the APM Shares subject to compliance with Section 127 of the Act and any prevailing laws, rules, regulations, orders, guidelines and requirements issued by the relevant authorities at the time of the purchase. The audited retained profits of the Company as at 31 December 2025 amounted to RM503 million.

The funding for the Proposed Share Buy-Back will be sourced wholly from internally generated funds. The amount of internal funds to be utilised will only be determined later depending on the availability of internally generated funds, actual number of APM Shares to be purchased and other cost factors. The actual number of APM Shares to be purchased will depend on the market conditions as well as the retained profits and financial resources available to the Company. The Proposed Share Buy-Back will reduce the cashflow of the Company by an amount dependent on the purchase price of APM Shares and the actual number of APM Shares bought back.

3. TREATMENT OF APM SHARES PURCHASED

The purchased shares may be cancelled or retained as treasury shares or a combination of both. The distribution of treasury shares as share dividends may be applied as a reduction of the retained profits of the Company. Where the Company retains the purchased shares as treasury shares, the Directors of the Company may:

- (a) distribute the shares as share dividends to the shareholders;
- (b) resell the shares through Bursa Securities in accordance with the rules of Bursa Securities;
- (c) transfer the shares for the purpose of or under an employees' share scheme;
- (d) transfer the shares as purchase consideration;
- (e) cancel the shares; or
- (f) sell, transfer or otherwise use the shares for such other purposes as permitted by the Act.

It is the present intention of the Board to retain the APM Shares purchased as treasury shares and subsequently resell them on Bursa Securities if the opportunity arises for the Company to realise gains from the resale on Bursa Securities. Conversely, the Company may decide to cancel the purchased shares if it is of the opinion that it no longer requires the funds. The Company may also distribute the treasury shares as share dividends, which can serve to reward shareholders.

While the purchased shares are held as treasury shares, the rights attached to them as to voting, dividends and participation in any other distributions, whether cash or otherwise, of the Company's assets are suspended. The treasury shares shall also not be taken into account in calculating the number or percentage of shares or of a class of shares in the Company for any purpose including substantial shareholding, takeovers, notices, requisition of meetings, quorum for a meeting and result of a vote on a resolution at a meeting.

Appropriate announcement(s) and notification(s) will be made to Bursa Securities and relevant authorities in respect of the Board's decision on the treatment of APM Shares bought back in compliance with the Listing Requirements and the Act.

4. PRICING

APM shall only purchase its own ordinary shares at a price which is not more than fifteen per cent (15%) above the weighted average market price for the five (5) market days immediately before the purchase(s).

The Company may only resell/ transfer the treasury shares at a price which is not less than the weighted average market price for the five (5) market days immediately before the resale/ transfer or a discounted price of not more than five per cent (5%) to the weighted average market price for the shares for the five (5) market days immediately before the resale/ transfer provided that (i) the resale/ transfer takes place not earlier than thirty (30) days from the date of the purchase; and (ii) the resale/ transfer price is not less than the cost of purchase of the APM shares being resold/ transferred.

5. PUBLIC SHAREHOLDING SPREAD

As at LPD, the public shareholding spread of the Company was 45.81%. Assuming that the Proposed Share Buy-Back is carried out in full on LPD, the public shareholding spread of the Company is expected to be reduced to 41.61%.

6. RATIONALE/POTENTIAL ADVANTAGES OF THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back will enable APM to utilise its surplus financial resources to purchase APM Shares as and when the Board deems fit, during the tenure in which the authority granted is in effect. The Proposed Share Buy-Back is expected to stabilise the supply and demand as well as the prices of APM Shares. In addition, the purchased shares may be held as treasury shares and resold on Bursa Securities with the opportunity of realising potential capital gains. Alternatively, the treasury shares may also be distributed as share dividends to reward shareholders.

7. RISK FACTORS/POTENTIAL DISADVANTAGES OF THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back may result in the APM Group foregoing other investment opportunities that may emerge in the future and may also reduce the amount of resources available for distribution in the form of dividends to the shareholders of APM. However, the financial resources of the APM Group may recover and increase upon reselling of the purchased shares held as treasury shares.

Nevertheless, the Board will be mindful of the interests of APM and its shareholders in undertaking the Proposed Share Buy-Back.

8. EFFECTS OF THE PROPOSED SHARE BUY-BACK

Based on the assumption that the Proposed Share Buy-Back is carried out in full, the effects of the Proposed Share Buy-Back on the total number of issued shares, NA, working capital, earnings, dividends and substantial shareholders' and Directors' shareholdings as well as the implications relating to the Code are as set out below.

8.1 Total Number of Issued shares

The effect of the Proposed Share Buy-Back on the total number of issued shares of APM, assuming APM buys and subsequently cancels up to 20,160,000 APM Shares, representing an amount not exceeding ten per cent (10%) of the existing total number of issued shares, as at LPD, is as follows:

	<u>No. of shares</u>
Total number of issued shares	201,600,000
Purchased and held as treasury shares as at LPD	(6,105,700)
Proposed Share Buy-Back if the maximum number of shares are purchased	(14,054,300)
Resultant total number of issued shares, if the treasury shares are cancelled	181,440,000

However, if all the APM Shares purchased are retained as treasury shares, the share purchased would not have any effect on the total number of issued shares of APM.

8.2 NA

The effect of the Proposed Share Buy-Back on the NA per share of the APM Group is dependent on the purchase prices of the APM Shares. The shares purchased would reduce the NA per share of the APM Group if the purchase price exceeds the NA per share at the relevant point in time. Conversely, the NA per share of the APM Group would increase if the purchase price is less than the NA per share at the relevant point in time. Based on the audited financial statements for the financial year ended 31 December 2025, the NA per share of the APM Group is RM7.24.

8.3 Working capital

The Proposed Share Buy-Back will result in an outflow of cash and thereby reduce the working capital of the APM Group, the quantum of which is dependent on the purchase prices of the APM Shares and the number of APM Shares purchased. Nevertheless, the Board is mindful of the interests of the shareholders when undertaking the Proposed Share Buy-Back and will assess the working capital needs of the APM Group prior to any purchase of APM Shares.

8.4 Earnings

The effect of the Proposed Share Buy-Back on the EPS of the APM Group is dependent on the purchase prices of the APM Shares and the effective funding cost and/or interest income foregone to the Company thereof. For instance, the share buy-back will increase the EPS of the APM Group if the effective funding cost and/or interest income foregone to the Company attributable to every purchased share is lower than the EPS of the APM Group and vice versa.

8.5 Dividends

Assuming that the Proposed Share Buy-Back is implemented in full and the dividend quantum is maintained at the previous financial years' dividend quantum, the share buy-back will have the effect of increasing the dividend rate of APM as a result of a decrease in the number of shares in APM, which are entitled to participate in the dividends. For the financial year ended 31 December 2025, APM declared a first interim single-tier dividend of 7 sen per share on 22 August 2025 and a second interim single-tier dividend of 13 sen per share on 25 February 2026.

8.6 Substantial Shareholders' and Directors' Shareholdings

The effects of the Proposed Share Buy-Back on the shareholdings of substantial shareholders and Directors based on the Register of Substantial Shareholders and the Register of Directors' Shareholdings respectively as at LPD are as follows:

Substantial shareholders	-----No. of APM shares held----->

⁵ Less than 0.01%.

8.7 Implication Relating to the Code

The Proposed Share Buy-Back, if carried out in full, will result in the equity interest of TCC in APM increasing from 37.54% as at LPD to 40.44%.

If the Proposed Share Buy-Back results in the equity interest of TCC and persons acting in concert with it in APM to increase by more than two per cent (2%) in any six (6) months period, pursuant to the Code, TCC and persons acting in concert with it may be obliged to undertake a mandatory offer for all the APM shares not held by them collectively. However, an exemption may be granted by the Securities Commission under the provisions of the Capital Markets and Services Act 2007 to TCC and persons acting in concert with it.

9. SHARE PRICES

The monthly highest and lowest prices of APM shares traded on Bursa Securities for the last twelve (12) months from April 2025 to March 2026 are as follows:

10. PURCHASES, RESALE/TRANSFER AND CANCELLATION OF APM SHARES IN THE PREVIOUS TWELVE (12) MONTHS

The Company did not purchase any APM Shares in the previous twelve (12) months up to the LPD.

The total number of shares bought back as at LPD was 6,105,700 APM Shares, all of which were held as treasury shares. APM did not cancel, re-sell or transfer any of its treasury shares during the said period.

11. DIRECTORS' AND MAJOR SHAREHOLDERS' INTERESTS

Save for the proportionate increase in the percentage of shareholdings and/or voting rights in their capacity as the shareholders of the Company pursuant to the Proposed Share Buy-Back, none of the Directors, Major Shareholders and persons connected with a Director and/or Major Shareholder of the Company have any interest, direct or indirect, in the Proposed Share Buy-Back and the resale of the treasury shares.

12. DIRECTORS' RECOMMENDATION

The Board is of the opinion that the Proposed Share Buy-Back is fair, reasonable and in the best interest of the Company and its shareholders and therefore recommends that you vote in favour of the ordinary resolution in relation to the Proposed Share Buy-Back to be tabled at the forthcoming AGM.

13. APPROVAL REQUIRED

The Proposed Share Buy-Back is subject to the approval of the shareholders of APM at the forthcoming AGM.

Dear Shareholders,

PROPOSED SHAREHOLDERS' MANDATE FOR RECURRENT RELATED PARTY TRANSACTIONS OF A REVENUE OR TRADING NATURE

1. INTRODUCTION

The Company had at the 28th AGM held on 28 May 2025 sought its shareholders' approval for the Proposed Renewal of Shareholders' Mandate (resolutions) regarding the RRPT between APM Group and the following parties:

- (a) TCMH Group (Resolution 8);
- (b) WTCH Group (Resolution 9); and
- (c) TCIL Group (Resolution 10).

Resolutions 8 and 9 were not approved by the shareholders. Consequently, the Shareholders' Mandates for the RRPT with TCMH Group and WTCH Group have lapsed.

Meanwhile, Resolution 10 was carried, and its approval shall, in accordance with the Listing Requirements, lapse at the conclusion of the forthcoming 29th AGM unless a fresh approval is obtained.

On 25 February 2026, the Company announced to Bursa Securities that it would seek approval from its shareholders for the Proposed Shareholders' Mandate at the forthcoming 29th AGM of the Company.

The Proposed Shareholders' Mandate would become effective immediately upon passing of the proposed resolutions and will expire at the conclusion of the next AGM of the Company unless the authority and mandate are further renewed by resolution passed at a general meeting (either unconditionally or subject to conditions) or upon the expiration of the period within which the next AGM after that is required to be held pursuant to Section 340(2) of the Act (but must not extend to such extension as may be allowed pursuant to Section 340(4) of the Act), or if earlier revoked or varied by ordinary resolution of the shareholders of the Company in a general meeting, whichever occurs first.

The purpose of this Circular is to provide you with the information on the Proposed Shareholders' Mandate and to seek your approval for the proposed resolutions to be tabled at the forthcoming AGM of the Company. The Notice of the 29th AGM and the Form of Proxy of the Company are separately sent to you.

- (iii) revoked or varied by resolution passed by shareholders in general meeting,

The abovementioned RRPT with the TCIL Group occur as and when the transactions are required.

Outstanding RRPT Receivables

As at 31 December 2025, there is no outstanding amount due under the RRPT with TCIL Group which exceeded the credit term for any period.

6. PRICING OF THE RRPT

Consistent with the APM Group's business pricing practices and policies, the RRPT are entered into at Arm's Length and on normal commercial terms. The RRPT pricing are based on prevailing market rates/prices with regular comparisons made with at least two (2) other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities wherever possible, to determine whether the price and terms offered to/by the related parties are fair and reasonable.

In the event that the quotation or comparative pricing from third party/unrelated party suppliers cannot be obtained, the Group's pricing of RRPT will be determined in accordance with the Group's usual business pricing practices and policies for the same or substantially similar type of transactions made by the Group with unrelated third parties. This will ensure that the pricing of RRPT is not more favourable to the Related Parties than to the public and not to the detriment of the minority shareholders of APM.

7. RATIONALE

All transactions with Related Parties are entered into for the long-term benefit of the APM Group. The Related Parties represent an existing market with reliable payment terms for the APM Group's products and provide a good source for certain components purchased by the APM Group. Sales to Related Parties also contribute to overall higher sales for the APM Group thus increasing trading volume, higher production efficiency and better bargaining power when negotiating with the vendors. This is consistent with the APM Group's objectives of brand building and maintaining a competitive edge.

The RRPT are carried out in a manner similar to other business activities which the APM Group conducts with parties other than the Related Parties. The RRPT are in the ordinary course of business and undertaken at Arm's Length, on normal commercial terms of the APM Group which are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders.

By obtaining the Proposed Shareholders' Mandate on an annual basis, the necessity to make regular announcements to Bursa Securities and to convene separate general meetings from time to time to seek shareholders' approval as and when such RRPT occur would not arise. This would reduce substantial administrative time, inconvenience and expenses associated with the making of such announcements or the convening of such meetings, without compromising the corporate objectives of the APM Group or adversely affecting the business opportunities available to the APM Group.

8. REVIEW AND DISCLOSURE PROCEDURES

To supplement existing internal procedures, the APM Group has implemented the following methods and procedures to ensure that the RRPT of the APM Group are undertaken at Arm's Length, on normal commercial terms of the APM Group, which are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of minority shareholders:

- (a) A list of Related Parties has been circulated to the subsidiaries of APM and to notify them that all RRPT are required to be undertaken at Arm's Length, on normal commercial terms of the APM Group which are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders;
- (b) APM and each of its subsidiaries are to record all RRPT which are entered into pursuant to the Shareholders' Mandate;
- (c) Each of the subsidiaries of APM is to submit its reports of RRPT to the group finance department on a monthly basis;
- (d) The internal audit team will monitor and verify the reports to ensure that the review procedures and Listing Requirements in respect of the RRPT are adhered to. The internal audit team will report their findings to the Audit Committee;
- (e) The Audit Committee will periodically review the internal audit reports to ascertain that the guidelines and procedures established to monitor RRPT have been complied with;
- (f) The Audit Committee, having reviewed the procedures, will continue to review the procedures as and when required, with the authority to sub-delegate the review process to individuals or committees within the APM Group as they deemed appropriate. If a member of the Audit Committee has an interest in the transaction to be reviewed, he shall abstain from participating in the deliberation and voting in respect of that transaction;
- (g) Disclosure will be made in the Company's Annual Report of the breakdown of the aggregate value, type of transactions and the names of the Related Parties involved in each type of the RRPT made and their relationship with the respective companies involved made pursuant to the Proposed Shareholders' Mandate during the financial year; and
- (h) All subsidiary companies are required to observe the Policy and Procedures for Monitoring and Reporting of Related Party Transaction and RRPT.

The APM Group has in place internal approving procedures and levels of authority limits governing day-to-day business transactions. There is no specific threshold for the approval of RRPT within the Group. All RRPT are subject to the same procedures and levels of authority limits as that established by the senior management of the respective business units, the subcommittees of the Board and/or the Board from time to time.

9. AUDIT COMMITTEE'S STATEMENT

The Audit Committee has reviewed the terms of the Proposed Shareholders' Mandate and is satisfied that the review procedures for RRPT as well as the periodic reviews to be made by the Audit Committee in relation thereto, are sufficient to ensure that the RRPT are undertaken in the ordinary course of business and at Arm's Length, on normal commercial terms of the APM Group which are not more favourable to the Related Parties than those generally available to the public and are not to the detriment of the minority shareholders.

The APM Group has in place adequate procedures and processes to monitor track and identify RRPT on a timely and orderly manner. The review of these procedures and processes are conducted at least once every twelve (12) months and whenever the need arises.

10. EFFECTS OF THE PROPOSED SHAREHOLDERS' MANDATE

The Proposed Shareholders' Mandate is not expected to have any effect on the issued and paid-up share capital of APM and substantial shareholders' shareholding in APM but is expected to have a positive effect on the earnings and NA of the APM Group as a result of the increase in business volume and revenue.

11. DIRECTORS' AND MAJOR SHAREHOLDERS' INTERESTS

The Interested Directors and Interested Major Shareholders had undertaken both to abstain and to ensure that persons connected with them will abstain from voting in respect of their direct and/or indirect shareholdings in the Company on the relevant resolutions, deliberating or approving the Proposed Shareholders' Mandate to be tabled at the forthcoming AGM.

12. DIRECTORS' RECOMMENDATION

The Board (with the exception of the Interested Directors as disclosed in Section 11) is of the opinion that the Proposed Shareholders' Mandate is in the best interest of the Company and therefore recommends that shareholders vote in favour of the ordinary resolutions in relation to the Proposed Shareholders' Mandate to be tabled at the forthcoming AGM.

13. APPROVAL REQUIRED
